

Rochester Farmers Market, October 16th, 2010

We have several vendors committed for next year.

We have a verbal agreement with the school about the use of the school parking lot next year. The form has been submitted.

We are planning a special event, a pumpkin carving contest for kids under 18 for October if we can acquire pumpkins. They would get the pumpkins on Oct. 2nd and bring them back carved on the Oct.16th. The vendors will act as judges and award a prize (yet to be determined) to the winners in various age groups. Bobbi is lining up the pumpkins, Jessica is figuring out the categories and prizes.

If we can't get pumpkins, we'll do a costume contest on the 16th. Jessica and Bobbi are coordinators for this event.

We will meet again tentatively Oct 20th 6:30 PM. to finalize our steering committee and market manager positions for next year. Also, we will set up groups to do the following:

Recruit vendors for next year

Review and revise policies/procedures

Event planning

Follow up on WIC certification

Also, we think the market should start next year the weekend AFTER Swede Day because we want to have a float in the parade to publicize the market opening.
